PRESIGHT
Presight Trading Institute

LOSS COVERAGE

Copy within the rules.
We cover the loss.

Copy PRESIGHT ALPHA-1 at **1:1**, report your MT5 account ID, then keep copying **for a full month** with no manual intervention and no withdrawals in that first month — **after it, withdrawals are unrestricted, principal as well as profit**. If the whole copying period ends down, we **refund that loss in cash**.

COPY RATIO **1:1** no scaling up	DURATION **1 month** 30 days from your report
COVERAGE **Total put in**	PAYOUT **Cash**

covered in full	10 business days

01 Four steps to start

- **Open a new account through our link and fund it**

  Complete KYC. Only accounts opened through the site link are on the subscription list

- **Subscribe to PRESIGHT ALPHA-1**

  secure.decodefx.com → Copy Trading → register a follower account first → New subscription → settings **Autoscale / Value by asset / Ratio = 1** → press **Activate** in the Action column. Nothing is copied until you do

- **Report your MT5 account ID to @PresightAdminBot**

  The protection period starts at that moment. An unreported account is not eligible, and losses before you report are not covered

- **Leave it alone for one month**

  In month 1: no manual entries, no changes to stops or targets or copy settings, no withdrawals, no pausing or unsubscribing. After that, withdrawals are unrestricted — principal as well as profit

02 How the payout works

- **Net loss = total put in − total taken out**

  In = base capital + deposits; out = equity at settlement + withdrawals. Every deposit and withdrawal counts; settled over the whole copying period, not month by month

Only trades the strategy closed itself are covered

Positions you closed by hand are excluded either way — you chose the exit. Example: USD 850 net loss, all closed by the strategy → USD 850 paid; if USD 300 of it came from a position you closed yourself → USD 550 paid

Refunded in USD cash within 10 business days

Submit within 5 calendar days of the period ending with a full account statement; we pay after verification and cover the fees

PARTNER CLIENTS ONLY

1%

1% floor on your clients' first month

Clients introduced by a partner (IB) get one more layer on top of loss coverage: **if the first month of copying returns less than 1%, we pay back 1% of the copied amount.** Commission is a **50% revenue share**; the threshold is at least 3 clients funding USD 5,000 between them.

> Copied amount = sum of the daily copy balance over the first 30 days ÷ 30 (daily average)

⚠ Risk warning and conflict-of-interest disclosure

CFDs, foreign exchange and leveraged products carry a high level of risk, can cost you your entire deposit, and are not suitable for every investor. Coverage is limited to base capital and **does not remove trading risk**. Past performance does not indicate future results.

Presight has an introducing-broker / affiliate relationship with the partner platform. If you open an account through our link we may receive commission — this does not increase your trading costs, but you should know the relationship exists.
